19	What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.	3	70-89%
20	The overall quality of teaching-learning process in your institute is very good.	3	Agree

Observations:

- *Computer lab can be improve as most of the students are not able to use because of the technical issues.*
- *Lab facilities should be made proper.*
- *CHEP hours can be modified with more effective group discussions of kind rather than putting up moral values.*

- *Peer teaching by students can be suggested.*
- *Fines for low attendance can be replaced with home-works and assignments after release of attendance chart each month and not at the end of the session.*
- *Lack of providing emotional support.*
- *More use of screen projector would be helpful.*
- *For me, institution should look after the improvement of library, there should be more facilities of books, as it is much important for us to associate with the outer knowledge plus library should be shifted towards the building site. The administration should have good interactions with the students, there should be an environment of friendliness so that the student should have natural feeling the natural feeling of approachable towards the head of the administration.*
- *College restrict on chewing of gum & tobacco but still few people is to chew, I wish it should be implemented in strict manner.*
- *The canteen of the college take little high price for food item like maggi, So I wish it would be in low price for poor student like us.*
- *The institution should take into consideration the mental & emotional aspects of the students as well as not only academic aspects.*
- *Mentoring to the student at-least three times in one academic session.*
- *Teacher should be provided microphone in big classroom where the student not able to hear the lecture properly.*
- *For hostellers there is no transportation for market, because our college is in interior of the village and vehicle for transportation.*
- *Please provide study leave before examinations (mid-semester exams).*
- *Use of LCD projectors more often.*
- *Should make effective use of smart board.*
- *Using mentoring sessions try to identify the problems of the student and help them.*
- *Network connection, WiFi facilities.*
- *Facilities in hostel: quality of food need to improve; CCTV camera in every corridor; few girls uses contraband substance- cigarette, ghutka etc., in hostel.*
