Department of Geography, Saint Claret College, Zirohad organized a talk on "STUDIES IN INDIAN INSTITUTE OF GEOMAGNETISM & INDIAN SCIENTIFIC EXPEDITION TO ANTARCTICA" for the students of B.A. VI Semester and the speaker of the talk was Dr. Nava Kumar Hazarika, Seismologist of Indian Institute of Geomagnetism, Government of India, Shillong. The speaker discussed about the seismological activities and its influence on environment with special reference to seismological activities in NE India. He also explained about the Geomagnetism and achievements and researches related to geomagnetism in India and Antarctica. Finally he concluded showing a video about the Antarctica and its scientific explorations.

After the session the resource person along the students and teachers went to the seismograph station on SCCZ campus and gave a practical demonstration about functioning and data collection processes involved in the seismograph. Finally the session was over with a group photo with the resource person of the event.
