

SAINT CLARET COLLEGE, ZIRO

Women's Cell

Report on the Academic year 2018-19

Women empowerment is one of the five pillars of Saint Claret College, Ziro, and the Women's cell of the college creates awareness on the issues concerning the women as an independent individual and as an essential role player in the society.

In the academic session 2018-19, various activities related to women's empowerment, women emancipation and realization of women's rights were fostered on and carried out in the college. In every academic year the cell plans out a *plan of action* and works according to it, catering the various needs and understanding, and focusing on the larger and long-term impact.

The cell believes that it also takes a holistic approach towards making the student's better individuals and apprehends the very fact that education not only manifests their minds but also cultivates a positive outlook towards themselves and others, their life goals and aspirations. The women's cell of the college fostered on awareness, mentoring sessions on gender equality, cultural tolerance, and related film screenings for the year.

The Women's cell of the college also celebrated the **International Women's Day on the 8th of March, 2019**; celebrating the contribution of those women's who rose beyond the gender obligation to make the world a tolerant place for all. The highlights of the programme were screening of audio-visual aids and clips of women's achievers, women's in history, and a wall magazine which displayed paintings, sketches, information in the forms of cut-outs, thoughts, phrases and poems related to the role and achievements of Women in the contemporary society. This initiative aimed not only at the female segment of the institution as a guiding force but was whole heartedly accepted and acknowledged by their gender counterparts as a medium to let them be aware of social, cultural, racial, economical, and gender equality.

Furthermore, to celebrate the contribution and achievement of women in the contemporary era, the Women's cell in collaboration with the 'Film Club' of the college showed a joint venture towards the mass empowerment of the long subjugated section of the society through the means of mass media with the **screening of the critically acclaimed and widely acknowledged movie 'Nil Battey Sannata' directed by Ashwiny Iyer Tiwari.**
