

SAINT CLARET COLLEGE, ZIRO

Cultural Diversity

The mission of the college highlights moulding students into spiritually evolved, morally upright, socially responsive, and culturally tolerant citizens. To this end, the college encourages students to observe, celebrate and respect various festivals by exhibiting the traditions and culture. Furthermore, on all important occasions and cultural events, the songs, dances, and other artistic expressions from various cultures are represented. Students are encouraged to be present in traditional attire and invited guests are welcomed to college events with traditional mufflers, shawls and mementoes. Special competitions to showcase culture (Traditional Song, Traditional Dance) are organised during the Annual College Week.
