**Notice**

This is to inform all students that the College is developing an **Attendance Monitoring System** which will be helpful to the students to track and monitor their attendance through the college website.

**However, the system is NOT YET live and is still under testing.  
Once it is ready, students will be informed about the same.**

As of now, the system WILL NOT generate any attendance reports and hence students need not access the system.

The attendance percentage (if any) on the Attendance Monitoring System is testing data and **NOT THE ACTUAL ATTENDANCE OF STUDENTS.**

As of now, Students will be informed of their attendance **ONLY THROUGH THE COLLEGE NOTICE BOARDS.**
