

**20.09.2024**

**24 & 25 September**

The Ziro Literary Festival celebrates and emphasises the importance of reading and thinking, creating and sharing, through discussions, readings, and workshops. The free, and open-to-all, festival promotes inter-cultural exchange, dialogue, skill-sharing, and building.

Held at Saint Claret College, the festival will hear diverse voices from the eclectic panel of writers, poets, filmmakers, artists, and activists.

The fifth edition of the festival focuses on local stories and creative expression and attendees can participate in various workshops – storytelling, dance, music and gaming. ZLF 2024 will also feature the inaugural edition of the Ziro Film Festival.

The festival grounds will be decked with a panel discussion venue, screening theatre, exhibition stalls, food stalls, Musical Performance Stage, and chill-out zone.

### [Instruction to all Students](#)
